

About Joyful Sound Quartet

Joyful Sound Quartet was formed in the summer of 2008 when four long-time friends decided to join together for the common purpose of singing barbershop harmonies. With the first ringing chord, Joyful Sound set out on an exciting journey to share their talent with others. In the weeks and months that followed, it became evident that they all felt a pull toward gospel music. Their roots are in gospel music, and these roots are the foundation of the quartet, but they also perform other genres of music as well. Their blend of gospel, contemporary, swing, and barbershop standards are sure to please any audience. They are members of the Southern Gospel Music Association, Gospel Music Artist Association of Texas, BYKOTA, and Sweet Adelines International - an organization of a cappella quartets and choruses dedicated to the barbershop harmony style. The members of Joyful Sound Quartet have been performing around the DFW area for over 15 years.
